Message from the Chairman

Welcome to the last edition of the 6th year of the President's News Digest. As Chairman of the BOTs, I am delighted to introduce the 52nd celebratory issue of the 6th year of the President's News Digest.

The President of the University and the editor of the News Digest (with contributions from University colleagues) have produced the President's News Digest on a weekly basis and they never failed to circulate it on time even during the summer breaks and holidays that coincided with the day of circulation. 312 issues so far were produced and circulated every Sunday over the last 6 years.

I would like to take this opportunity to congratulate the team who are producing the News Digest and to express my joy at this important achievement of celebrating 6 years of the President's News Digest.

I know for sure that the BOT members, students and staff enjoy reading the News Digest in order to keep them abreast of what's happening in the University.

Happy 6th Anniversary to the News Digest

Message from the President

This edition of the President's News Digest is a special one as we celebrate its sixth anniversary. This weekly newsletter has achieved its purpose by keeping staff, students and other stakeholders informed about the University's activities and events.

I would like to thank Professor Waheeb Al Khaja, Chairman of the Board of Trustees, for his vision and continuous support and also to thank all contributors who have helped a dream to become a reality. Special thanks must go to the editor of the News Digest, Ms Hessa Almeraisi (the chief editor of the News Digest), and Ms Ayat Nass who has produced the News Digest when Ms Hessa was on her annual leave, and Mr Muath who posted the News Digest on time on our web site.

In total we have produced 312 copies of the News Digest on a weekly basis including a message from the president, and quote of the week in addition to all University's activities that involve staff and students.

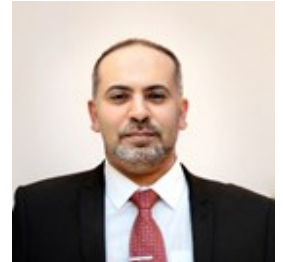

Happy 6th Anniversary to the News Digest!

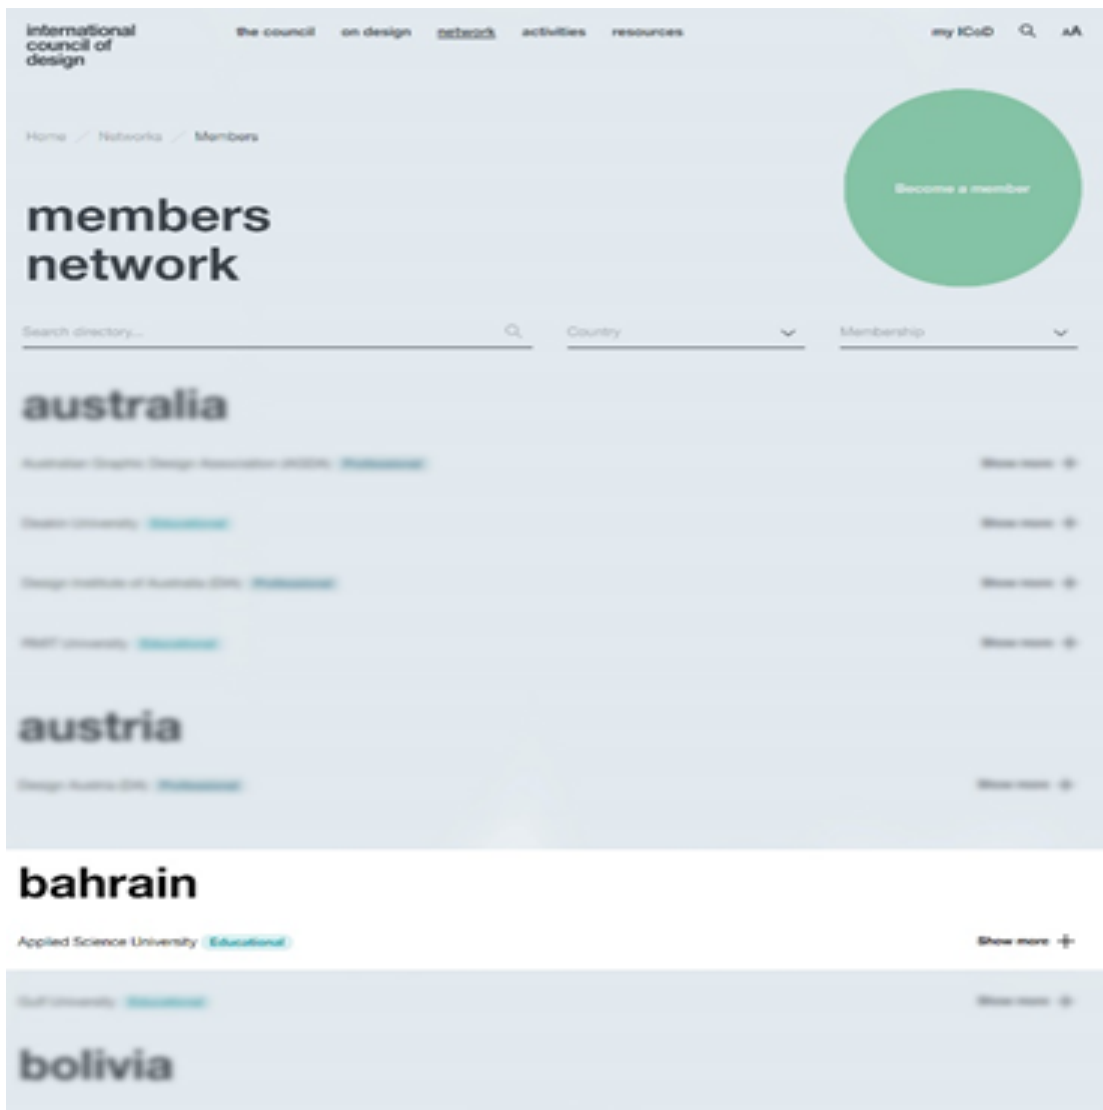

ASU is now member in International Council of Design (ICoD)

I have the great pleasure of announcing that the Department of Design & Arts, with a great support from ASU's management and Deanship of the College of Arts & Science, has recently obtained approval from International Council of Design, ICoD for the Educational Membership status for Applied Science University.

The International Council of Design (ICoD) is a world body for professional design, representing 118 organisations in 47 countries. Founded in 1963 as *Icograda*— the *International Council of Graphic Design Associations*, the International Council of Design (ICoD) is an international non-governmental organisation headquartered in Montreal, Canada. Applied Science University is the newest addition to this growing international network, forging conversations between ICoD Members and their many design practices, and the thousands of individual designers that they represent across the world.
