## Message from the President Celebration to launch the 7th volume of the President New Digest

On Sunday the 1st of November, the Marketing and Public Relations Directorate and in collaboration with the President's office organised a cake cutting celebration to launch the 7th volume of the President's News Digest. The celebration was attended by Prof Waheeb Al Khaja and colleagues from the extended management committee. The President delivered a speech thanking Prof Waheeb for his great support and colleagues for their contributions and the editor Ms Hessa Almeraisi for her dedication and commitment and Mr Muath for ousting the News Digest on our web site. In addition the President highlighted the importance of keeping the News Digest going for year to come. The MC for the event was the one and only Ms Ruqaya Mohsen. The design of volume 7 was produced by our capable colleague Mr Yusuf Alghawi.

## ASU Computer Science Students participated in the Virtual Bahrain IEEE Day 2021

On October 31<sup>st</sup>, 2021, Dr. Moaiad Khder (Head of the Computer Science and the Counselor of ASU IEEE Student Branch) and the ASU IEEE student branch members attended the virtual Bahrain IEEE Day 2021 that was hosted by the University of Bahrain.

IEEE Day: is an annual event demonstrate celebrating the first time in history when engineers worldwide and IEEE members gathered to share their technical ideas in 1884.

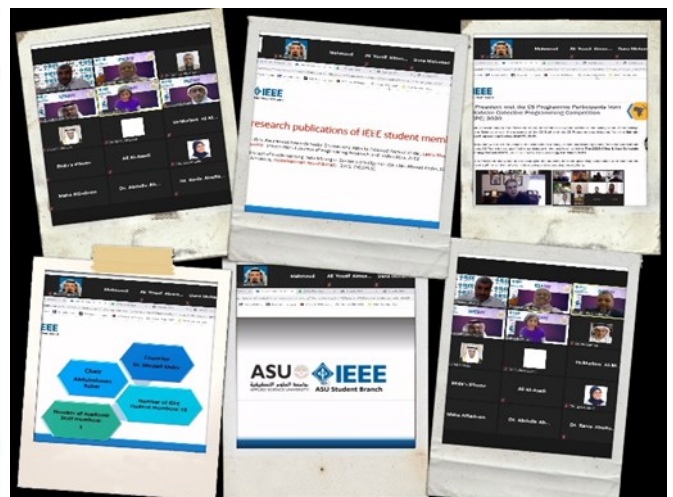

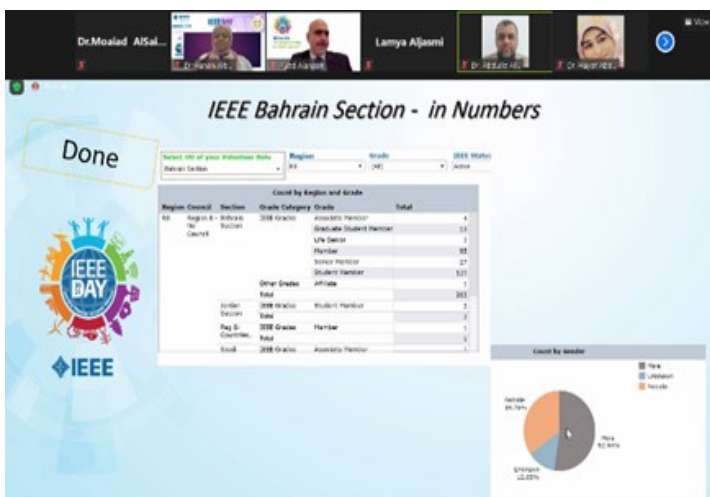

IEEE Day's theme is: **"Leveraging Technology for a Better Tomorrow"**. While the world benefits from what's new, IEEE focuses on what's next. The celebration of IEEE Day this year is the 12th year celebrating this historic event!

Worldwide celebrations demonstrate the ways thousands of IEEE members in local communities join together to collaborate on ideas that leverage technology for a better tomorrow. The IEEE Day team is made up of IEEE volunteers and staff. Together, they work to assure that this year's celebration will be even bigger and more impressive than the last editions. The principle task of the IEEE Day team is to initiate, motivate, and coordinate events and efforts to celebrate this day worldwide. In addition to an enjoyable time and empowering members to engineer the future and beyond, the team actively supports members and volunteers.

Dr. Ali Zolait- the Chair of IEEE – Bahrain Section introduced the history of IEEE in Bahrain, where Dr. Isa Qambar the founder of IEEE-Bahrain section and other speakers emphasized on the importance of IEEE section, student branches and chapters. In addition, all student branches activities were presented including ASU student's participation in the programming competition, AU internship, research papers and research workshops.

## Virtual Lecture - “The Usage of Data Science/Big Data in Commercial Field”

### Virtual Lecture - “The Usage of Data Science/Big Data in Commercial Field”

On October 28<sup>th</sup>, 2021, in collaboration with the training center in ASU, the Head of Computer Science Department Dr. Moaiad Khder delivered a virtual lecture titled: “The Usage of Data Science/Big Data in Commercial Field”.

Dr. Moaiad covered 6 key points during the lecture:

- What is Big Data?
- 5Vs of Big Data.
- Data Value.
- Data Science.
- Data Science fields.
- Usage of Data Science/Big Data in different fields.

He presented the huge amount of the data that is generated every minute by different applications, especially from the social media. The relationship between Big Data and Data Science was presented and how to benefit from this precious asset in different fields in particular the commercial field, for example: predicting customer behavior, auto pricing, and others. A good discussion took place between the audience and the lecturer to explore more about the Big Data and its applications.
