The University relocated to its purpose-built campus in September 2013, covering an area of 24,000 square meters. It is designed to accommodate around 2,100 students at the same time and to reach a capacity of 6,300 students distributed across mornings, evenings and weekends. The first building is the academic building, which consists of 14,000 square meters area over seven main floors and four extra floors in the Clock Tower. This building accommodates the ASU Headquarters, Academic Faculty, Colleges, the Deanship of Research and Graduate Studies and the Directorate of Student Affairs. On the ground floor close to the entrance hall, is the Directorate of Admissions and Registration, together with cafes, lounges, and the library. The library includes all the features required by the Higher Education Council, including study areas, group project rooms, computers to provide

access to electronic library facilities, and enough shelves to house 23,000 books, journals, reference works and other printed materials. The second building is the University Administrative and services building. With a total area of 2200 square meters, this building includes Administrative Offices, areas for student activities, and a hall for exhibitions and seminars. The third building is the training centre, and it consists of two floors with a total area of 1266 square meters, 633 square meters per floor.

The location of the campus is an ideal geographical position, between Manama and Riffa in the Central Governorate, which is an area of high population and is easily accessible to students.

4.2.4 Procedure for Registering Students At-Risk

The students will enter a period of Academic Probation or Default if they are unable to sustain the desired GPA or the minimum GPA requirements for their Programmes (60% for Bachelor's or 75% for Master's Programmes). The Directorate of Admissions and Registration prepares a list of students with a GPA less than those specified above.

- a. Bachelor's Programme Minimum Requirements
 - I. Minimum GPA requirement is 60% to be eligible for graduation.
- b. Master's Programme Minimum Requirements
 - I. Minimum GPA requirement is 75%.
 - II. If a student's score in a course is below 70%, then the student is asked to repeat the course.

Further Details regarding the Academic Probation and Academic Warning can be found in the Students at-risk Policy and the University Bylaws.

4.2.5 Registration for At-Risk Undergraduate Students

1. The Directorate of Admissions and Registration prepares a list of students with a low GPA (less than 62%).

4.4.3 Semester and Accumulative Average Calculation

The calculation of the semester and accumulative average is made via the multiplication of the percentages of each course into the number of the credit hours of each course included in the average, and then the division of the product by the total credit hours. In the event of a failure which is above 35%, the percentage the student achieved would remain the same, but if it is below 35%, it would be converted to 35%. All courses completed by the student are documented in his/ her academic record.

4.4.4 Accumulative Average Classification

Students will enter a period of Academic Probation or Default if they are unable to sustain the minimum GPA.

Bachelor's Programme Minimum Requirements

4.4.5 Study Levels and Credits Required for Graduation

The courses offered by each Programme as well as the courses included in the study plans are classified into four levels, stating the prerequisites, if any, of each course. Each course is assigned a code that indicates its level. Every course is documented in a standard course specification which, in addition to other information, identifies the number of lectures, the number of weekly laboratory hours and the number of credit hours. Bachelor's Degree courses are classified into four levels. The number of credit hours required for graduation is 135-139 hours.

4.4.6 Requirements for Attaining a Degree

The University Degree is awarded to a student upon the completion of the following requirements:

1. Successfully completing all the courses required for graduation in his/ her academic study

plan.

2. Obtaining an accumulative average of no less than 60% for a Bachelor's Degree and no less than 75% for Master's Programme.
3. Successfully completing all courses within the permissible duration required for the Degree, i.e. not exceeding the maximum study duration.

4.4.7 Academic Warning and Dismissal

Students who score below 60% for Bachelor's Degree and below 75% for Master's Degree, at the end of any academic semester except the first academic semester, are put under probation. The Directorate of Admissions and Registration must notify the students using an appropriate communication method. Students under probation must remove the cause(s) of this disciplinary measure in a period that does not exceed three academic semesters following the semester of the measure. In the event that the student fails to remove the probation, he/ she will be dismissed from his/ her Programme of Study. Any student who has completed 75% of the required credit hours of the academic Programme will not be subject to dismissal. Moreover, the bachelor student who obtains an accumulative average of 59.5%, to 59.9% will be given an extra semester to remove the probation. The student will, however, be dismissed if he/ she exceeds the permissible study duration for the Programme.

Every student who exceeds the study duration of the Programme at the University will be dismissed. A student with a warning is not permitted to register for more than 12 credit hours in a semester without the consent of the academic advisor and the head of department and is not permitted to participate in any activity conducted in the University.

Any student who is dismissed from his/ her Programme and rejected by all other departments of the University will be dismissed from the University. A student is not permitted to register and study in a Programme from which he/ she were previously dismissed.

All registered students must regularly attend all lectures and actively participate in all classroom discussions. The course instructor keeps a record of the students' absence and attendance in the Students Information System (SIS).

The student is not permitted to miss more than 25% of the course hours. The course instructor submits the names of those students whose absenteeism exceeds 15% of the total hours of the course to the Head of Department to take the necessary action in this respect. If a student misses more than 25% of the total course hours without presenting a satisfactory or compelling excuse approved by the Dean, he/ she will not be allowed to sit for the final exam and will be given the minimum grade of WF: 35. The course must be retaken by the student if it is compulsory. In all cases, the grade will be included in the calculation of the student's accumulative and semester average while giving a warning or dismissal from the semester. The Head of Department submits to both the Dean of the respective College and the Directorate of Admissions and Registration

the names of those students who are prohibited from taking the final examinations due to their absenteeism and those students are recorded as having the minimum grade for that course.

If a student misses more than 25% of the total course hours due to sickness or any compelling excuse approved by the Dean of the College, he/ she is considered as withdrawn from the course with a grade of W, and the rules of withdrawal apply. The Dean of the College informs the Directorate of Admissions and Registration about the decision, and a note of “Withdrawn” appears next to that course in the student’s academic transcript. Students who represent the Kingdom or the University in social activities shall be permitted to be absent for no more than 30% of the total course hours. It is stipulated that sick leave requires a certificate issued by an accredited medical authority, and such a certificate must be submitted to the Dean of College within a period no later than two weeks from the date of the absence. The Deans of the Colleges, Heads of Departments, faculty members and lecturers, as well as the Director of Admissions and Registration shall be responsible for enforcing attendance regulations.

4.4.9 Grade Appeal

The student has the right to ask for the revision of his/ her final examination grade for any course within a maximum of ten (10) days after the date of the grade announcement. In this case, the Dean of the College should examine the grading to make sure that no mistakes were made in marking or calculating the total percentage which the student achieved for the examination. This is done by a Committee formed by the Dean of the College. The Committee comprises faculty members excluding course instructor and any member of staff who has been involved in the original marking or moderation of the work. The student has to pay a fee of 10/- BHD for the petition to review any of his/ her final grades. The student has the right to request an appeal of his/her final grade of any course by following these steps:

1. The student should file an appeal to review his/ her final grade within ten days of the announcement of the grade. The student pays a fee of 10/- BHD per course, which is refundable in cases where the student’s grade changes to his/ her benefit.
2. The Head of the Department forms a Special Committee consisting of two faculty members to review the student’s coursework grades and his/her final grade provided that the concerned course instructor is not one of the Committee Members.
3. In cases where the two Committee Members fail to agree on the result, a third party may be consulted.
4. The Committee Members review the grades and their distribution. The Committee submits its decision to the Head of the Department within one week of its formation.
5. In case the grade changes as a result of the revision, it must be approved by the concerned Head of Department and the concerned Dean of College. The result is then submitted to the Directorate of Admissions and Registration to register the corrected grade prior to the end of the Add/ Drop period of the coming semester.
6. The Directorate of Admissions and Registration is responsible for informing the student concerned of the corrected grade.
7. The student is not allowed to request an appeal on a course that has already been reviewed. The first appeal decision will be considered final.

4.4.10 Incomplete, Grades and Deadlines

1. If the student misses the final or incomplete exam for a course, the university zero will be recorded for that course in his academic transcript.
2. A note of "Incomplete" shall be registered against the course where a student has not completed its requirements or missed the final exam with a compelling acceptable excuse after the payment of incomplete fees. Taking into consideration ASU regulations, the student must complete all the exams and coursework, if any, to remove the note of "Incomplete" in his/her academic transcript within the first two weeks of the semester following the semester in which the student was assigned the status of "Incomplete" against any course (without considering the summer semester). The accumulative average is revised upon the completion of the course with the note "Incomplete". The student is put under probation or dismissal until he/she completes the course.

4.4.11 Academic Warning

Students who score below 60%, at the end of any academic semester, (except the summer semester) and the first academic semester at the University, are put under probation. The Directorate of Admissions and Registration must notify the student. Students under probation must remove the cause(s) of this disciplinary measure within a period that does not exceed two academic semesters following the semester during which the student was put under probation. In cases where the student fails to remove the probation, the student will be dismissed from his/her Programme of Study. Any student who has completed 75% of the required credit hours of the academic Programme will not be subject to dismissal. Also, any student who obtains an accumulative average of (59.5%, to 59.9%) will not be dismissed. The student will be dismissed, however, if he/ she exceeds the permissible study duration for the Programme. Every student who exceeds the permissible study duration for the Programme in the University will be dismissed.

4.4.12 Under Dismissal and Dismissal from ASU

Students who score an accumulative average of less than 50% in any semester will be dismissed from their Programme except for the student's first semester at the University. This measure becomes applicable after the completion of at least 12 credit hours. Any student who was dismissed from his/ her Programme and has been rejected by all other Departments at the University will be dismissed from the University. A student is not permitted to register for and study in a Programme he/ she was previously dismissed from. A student with a warning is not permitted to register for more than 12 credit hours in a semester. A student under academic warning is not permitted to participate in any activity conducted in the University.

4.4.13 Graduation

The graduation certificates are awarded upon the satisfactory completion of all requirements at the end of each semester. In cases where the student's graduation is dependent on one or two

compulsory course(s) not listed in the semester schedule or its timing clashes with another compulsory course(s), or the student has failed in the same course twice, the Dean of College after consultation with the Head of Department may allow the student to enrol in an alternative course(s) which is equivalent to the original one(s), considering the level of the course(s) and the Programme pathway. The Directorate of Admissions and Registration should be notified accordingly.

Similarly, if the student's graduation is dependent on one or two elective course(s) and the student is unable to enrol in that course(s) for a compelling reason, the Dean of College, after the consultation of the Head of Department, may allow the student to enrol in an alternative course(s) equivalent to the original course(s), considering the level of the course(s). The Directorate of Admissions and Registration should be notified accordingly and in all cases the number of alternative courses should not be more than two.

Upon the recommendation from the Head of Department and the approval of the Dean, if the student cannot register for a compulsory or elective course due to it not being offered or clashing with another course, the student may register a completely equivalent course in terms of description and content.

In case the student needs to register for less than twelve credit hours for graduation purposes, he can do so, regardless of the permitted minimum study load.

The Head of the Academic Department and the Academic Advisor are responsible for following up the academic status of the students in coordination with the Directorate of Admissions and Registration and to examine students' fulfilment of the graduation terms and conditions.

The student must obtain a no Liability Certificate from the University before the completion of the graduation procedures.
